Section 4. Membership Transfer. Membership in the Association will transfer from the Developer or its successor in interest to the Owner upon delivery of the Deed to Owner's Lot.

Section 5. Continuing Memberships. The Owner of any Lot shall continue to be a member of the Association so long as such Owner continues to be the Owner of a Lot for the purpose herein mentioned. Membership shall pass with the transfer of title to the Lot.

Section 6. Transfer of Membership Rights and Privileges in the Association. Each Owner, and in lieu thereof, (and with the written consent of such Owner to the Association) each lessee of a Lot shall be a member of the Association and have the right to the Owner's vote and privileges. Membership, where assigned to a lessee, will pass with the lease, except if the Owner withdraws his/her consent in writing to the Association. The Owner may withdraw his/her membership assignment to any lessee in his/her discretion by issuing a sixty (60) day notice in writing to the Association. No assignment of membership shall relieve an Owner of the Lot from the obligation to pay any assessment authorized by these Restrictions.

Section 7. Creation of the Lien and Personal Obligation of Assessments. Each Owner of any Lot, excepting Developer (or any builder temporarily exempted from assessments by the Developer), by acceptance of a deed therefor, whether or not it shall be so expressed in such deed, is deemed to covenant and agree to pay to the Association: (1) annual assessments; (2) special assessments; (3) Club assessment (if applicable); and (4) Tax Recoupment Assessment. Such assessments shall be established and collected as hereinafter provided. The annual, special, Club and Tax Recoupment assessments, together with interest, costs, and reasonable attorney's fees, shall be a charge and a continuing lien upon the Lot against which each such assessment is made. Each such assessment, together with interest, costs, and reasonable attorney's fees shall also be the personal obligation of the person who was the Owner of such Lot at the time when the assessment fell due. The personal obligation for delinquent assessments shall not pass to an Owner's successors in title unless expressly assumed by them.

Section 8. Purpose of Annual Assessments. The annual assessments levied by the Association shall be used exclusively to promote the recreation, health, and welfare of the owners in all sections of The Quarry, including, but not limited to, the improvement and maintenance of the Common Area, maintenance of street lighting, maintenance of mail boxes and mailbox stands, maintenance of the sprinkling system situated on the Common Area, storm water detention basins, outlet pipes and water level control structures, and removal of snow from the streets.

Section 9. Maximum Annual Assessment. Until January 1 of the year immediately following the conveyance of the first Lot to an Owner, the maximum annual assessment shall be Four Hundred Ninety-five and 00/100 Dollars (\$495.00) per Lot.

(a) From and after January 1 of the year immediately following the conveyance of the first Lot to an Owner, the maximum annual assessment may not be increased each year more than eight percent (8%) above the maximum annual assessment for the prior year, without the vote or written assent of fifty-one percent (51%) of each class of members of the Association.

(b) The Board of Directors of the Association may fix the annual assessment at an amount not in excess of the maximum without the vote or written assent of fifty-one percent (51%) of each class of members of the Association.

Section 10. Special Assessments. In addition to the annual assessment authorized above, the Association may levy, in any assessment year, a special assessment applicable to that year only for the purpose of defraying, in whole or in part, (1) the cost of any construction, repair or replacement of a capital improvement upon the Common Area, including fixtures and personal property related thereto; (2) any budget shortfall; or (3) emergency need of the Association, provided that any such assessment shall have the vote or written assent of fifty-one percent (51%) of each class of members of the Association.

Section 11. Notice and Quorum for Any Action Authorized Under Section 9 and 10. Any action authorized under Sections 9 and 10 shall be taken at a meeting called for that purpose, written notice of which shall be sent to all members not less than thirty (30) days nor more than sixty (60) days in advance of the meeting. If the proposed action is favored by a majority of the votes cast at such meeting, but such vote is less than the requisite fifty-one percent (51%) of each class of members, members who were not present in person or by proxy may give their assent in writing, providing the same is obtained by the appropriate officers of the Association not later than thirty (30) days from the date of such meeting.

Section 12. Uniform Rate of Assessment. Both annual and special assessments must be fixed at a uniform rate for all Lots and may be collected on a monthly or yearly basis as the Board of Directors may determine from time to time.

Section 13. Date of Commencement of Annual or Club Assessments: Due Date. The annual assessments provided for herein shall commence as to all Lots (excepting Lots owned by the Developer) on the date of the close of escrow on the sale of the Lot after the original recording of these Restrictions with the Recorder of Allen County. The Club Assessment, as hereafter defined, shall be assessed initially after an Occupancy Permit has been secured and the unit has not been declared a model or a spec unit by the builder. The first annual assessment shall be adjusted according to the number of months remaining in the calendar year. The Board of Directors of the Association shall fix the amount of the annual assessment against each Lot for each annual assessment period. Written notice of the annual assessment shall be sent to every Owner, subject

thereto. The due date shall be established by the Board of Directors of the Association. The Association shall, upon demand, and for a reasonable charge, furnish a certificate signed by an officer of the Association setting forth whether the assessments on a specified Lot have been paid.

Section 14. Tax Recoupment Assessments. In addition to all other assessments provided for in this Article, the Association may levy in any assessment year, an assessment ("Tax Recoupment Assessment") applicable to that year only for the purpose of defraying, in whole or in part, any cost or expense incurred by the Association in the form of a tax, and/or penalty and/or interest on a tax imposed upon, assumed by or assessed against the Association or its properties, and arising out of or in any way related to the acceptance of title to, the ownership of and/or operation or maintenance of any plant or equipment (including utility lines, lift stations and other property) for the transmission, delivery or furnishing of water, or for the collection, transmission and disposal of liquid and solid waste, and sewage, and/or the ownership of any real estate or easements or other rights with respect to real estate owned and/or possessed in connection with such plant or equipment.

Section 15 Effect of Nonpayment of Assessments: Remedies of the Association. Any assessment (Annual, Special, or Tax Recoupment) not paid within thirty (30) days after the due date shall bear interest from the due date at the rate of ten percent (10%) per annum. The Association may bring an action at law against the Owner personally obligated to pay the same, or foreclose the lien against the Lot. In any successful action, the Association shall be entitled to recover all of its costs and expenses, including attorney's fees. No Owner may waive or otherwise escape liability for the assessments provided for herein by non-use of the Common Area or abandonment of the Owner's Lot.

Section 16. Subordination of the Lien to Mortgages. The lien of the assessments shall be subordinate to the lien of any first mortgage. Sale or transfer of any Lot shall not affect the assessment lien. However, the sale or transfer of any Lot pursuant to mortgage foreclosure or any proceedings in lieu thereof, shall extinguish the lien for such assessments as to payments which became due prior to such sale or transfer. No sale or transfer shall relieve such Lot from liability for any assessments thereafter becoming due or from the lien thereof.

Such budget and assessment for each such calendar year shall be established by the Board of Directors of the Villa Association. The Board of Directors shall mail to all Villa Association members a copy of said budget and notice of the ensuing year's assessment.

(b) The amount of the annual maintenance assessment set forth by the Board of Directors of the Villa Association for any such calendar year may be changed pursuant to the By-Laws of the Villa Association.

ARTICLE VI
Maintenance of Building Exteriors in Villa Section

Section 1. Building Exteriors, Landscaping and General Maintenance. The Villa Association will maintain the removal of snow from driveways and sidewalks, and maintain the lawn and landscaping on each Lot. The Villa Association will maintain the lawn sprinkling system situated on the Lots. The frequency and manner of performance of such maintenance shall be determined solely by the Board of Directors of the Villa Association. The Villa Association shall not be responsible for the repair or maintenance of decks and screened-in porches, any concrete on a Lot, or yard lights and other exterior lights, including replacement of bulbs, nor for window washing and glass replacement. The Board of Directors of the Villa Association may, at its option by appropriate resolution, transfer to each Lot Owner the maintenance responsibility for that portion of the lawn and/or landscaping on each Lot which was not initially installed or planted by the Developer. Each Lot Owner shall be permitted to perform or cause to be performed at the Owner's sole expense, maintenance or repairs on the exterior of any dwelling on his/her Lot which would otherwise fall within the maintenance responsibility of the Villa Association hereunder, subject to prior written approval from the Architectural Control Committee.

Section 2. Other Maintenance. Except to the extent of the Villa Association's responsibility for maintenance and repair as above provided, each Owner shall at his/her sole cost and expense maintain and repair his/her Lot and the improvements situated thereon, keeping the same in good condition and repair, including those items specifically excluded from each Villa Association's responsibilities and any other maintenance and repair responsibilities not expressly included among such responsibilities, as set forth above. In the event any Owner shall fail to maintain and repair his/her Lot and the improvements thereon as required hereunder, the Villa Association, in addition to all other remedies available to it hereunder or by law and without waiving any of said alternative remedies, shall have the right, through its agents and employees to enter upon said Lot and to repair, maintain and restore the Lot and the exterior of the dwelling units and any other improvements erected thereon; and each Owner (by acceptance of a Deed for his/her Lot) hereby covenants and agrees to repay to the Villa Association the cost thereof immediately upon demand. Such costs incurred and demanded by the Villa Association, together with interest, costs and reasonable attorney's fees, shall have the same status as both a continuing lien on the Lot and improvements and the personal obligation of the Owner as an assessment and the Association shall have the same remedies as made under Article V, Section 11 hereof, and the failure of any such Owner to pay the same shall carry with it the same consequences as a failure to pay such an assessment when due.

Section 3. Maintenance Easements. The Villa Association and the Owner of any Lot whose dwelling is constructed up to or within nine (9) feet of an interior Lot line shall have an access easement over a portion of the adjacent Lot which shall be five (5) feet in width measured from said Lot line, for the entire length of said Lot line separating the two Lots, for purposes of maintaining, replacing, and repairing the exterior of the dwellings so located. This access easement shall extend to the agents, employees, and independent contractors of the Villa Association, the Owner, or both. Any damage to an adjacent Lot or landscaping on an adjacent Lot shall be repaired at the expense of the Villa Association, the Owner, or their respective agents, employees or independent contractors utilizing this easement.

Each Owner shall also have a permanent easement permitting roof structure which overhang and encroach upon the adjoining servient Lot, provided that construction of such roof structure is permitted and approved as elsewhere herein provided.

Section 4. Utility Easements. Easements are hereby expressly reserved and dedicated with dimension, boundaries, and locations as designated on the plat for the installation and maintenance of public utilities (including, but not limited to water, gas, telephone, electricity, sanitary sewer, cable television, storm drainage facilities, and any other utilities of a public or quasi-public nature).

Any utility company and Developer, their successors and assigns, will have the right to enter upon said easements for any lawful purpose. All easements shall be kept free at all times of permanent structure except improvements installed by Developer, or an authorized utility and removal of any obstruction by a utility company shall in no way obligate the company to restore the obstruction to its original form. The utility will restore any improvement installed by Developer or other authorized utility.

The utility operating the sewer lines and sewage disposal facilities of said section shall have jurisdiction over the installation of all sewer connections and the same shall be installed to property lines of each Lot by the Developer or its successor in interest.

ARTICLE VII **General Provisions**

Section 1. Residential Purposes. No Lot shall be used except for residential purposes. No dwelling shall be erected, altered, placed, or permitted to remain on any Lot other than one (1) detached single-family dwelling not to exceed two and one-half (2 1/2) stories in height. Each dwelling shall include an attached three-car garage and basements may be constructed as a part of the dwelling.

Section 2. Home Occupations. No Lot shall be used for any purpose other than as a single-family residence, except that a home occupation, defined as follows may be permitted: any use conducted entirely within the Dwelling Unit and participated in solely by a member of the immediate family residing in said Dwelling Unit, which use is clearly incidental and secondary to the use of the Dwelling Unit for dwelling purposes and does not change the character thereof and in connection with which there is: (a) no sign or display that indicates from the exterior that the Dwelling Unit is being utilized in whole or in part for any purpose other than that of a Dwelling Unit; (b) no commodity is sold upon the Lot; (c) no person is employed in such home occupation other than a member of the immediate family residing in the Dwelling Unit; and (d) no mechanical or electrical equipment is used; provided that, in no event shall a barber shop, styling salon, beauty parlor, tea room, licensed child care center or other licensed or regulated babysitting service, animal hospital, or any form of animal care or treatment such as dog trimming be construed as a home occupation.

Section 3. Building Sizes. No Dwelling Unit shall be built on any Lot having the living area of the main structure, exclusive of one-story open porches, breezeways or garages of less than 1,800 square feet for a one-story dwelling, nor less than 2,200 square feet for a two (2) story dwelling.

No Dwelling Unit or any improvements or structures shall be located nearer than a distance of twenty-five (25) feet to a rear property line.

Section 6. Minimum Lot Size. No Dwelling Unit shall be erected or placed on any Lot having a width of less than fifty (50) feet at the minimum building setback line, nor shall any Dwelling Unit be erected or placed on any Lot having an area of less than 7,000 square feet.

Section 7. Utility and Drainage Easements. Easement for the installation and maintenance of utilities and drainage facilities are reserved as shown on the recorded plat. Nothing herein shall be construed to prohibit street lighting or ornamental yard lighting serviced by underground wires or cables. All easements for public and municipal utilities and sewers as dedicated on the face of the plat shall be kept free of all permanent structures and any structure, shrubbery, trees, or other installation thereon, whether temporary or permanent, shall be subject to the paramount right of the entities for which such easements are intended to benefit, to install, repair, maintain or replace their utility or sewage facilities. The removal of any such obstructions by utilities or sewage treatment works shall in no way obligate them in damages or to restore the obstruction to its original form.
